

VOLUNTEERS NEEDED!

HEARING PROTECTION DEVICE EVALUATION

PURPOSE:

The U.S. Army Aeromedical Research Laboratory is seeking volunteers to participate in the evaluation of various military and commercial Hearing Protection Devices, including earplugs and tactical headsets.

The data collected will help characterize how well these devices protect hearing and allow users to communicate or locate sounds in noisy environments.

MUST BE:

- Adult Male or Female (≥ 19) with normal hearing
- English as a native language

PARTICIPATION:

Sessions typically last between 1.5 to 3 hours per session. You may be invited to evaluate multiple devices over single or multiple days.

Completing the test session qualifies you to receive compensation. Participants can earn up to \$150 session or more depending on tests completed and number of devices evaluated.

FOR MORE INFORMATION CALL:

SGT Adam Mun (334) 255-6846 adam.r.mun.mil@health.mil

OR

Mr. Kevin Andres (334-255-6814) kevin.g.andres.ctr@health.mil
