

VOLUNTEERS NEEDED!

The U.S. Army Aeromedical Research Laboratory is recruiting **U.S. Army Critical Care Flight Paramedics** or **Flight Medics** for a research study.

The purpose of this study is to examine the effect of providing Tier 2 (Combat Lifesaver) assistance to Flight Paramedics during patient transport.

Eligibility Criteria:

- Active-duty U.S. Army, National Guard, or Reserve Critical Care Flight Paramedic or Flight Medic with no profile restrictions that would prevent normal job duties.
- Consent for the collection of pictures, video, and audio recordings.

Compensation:

- You may receive up to \$300 for participating in this study. Participants must be off-duty while participating to receive compensation. Travel costs will be covered for non-local participants.

You Will Be Asked To:

- Complete a questionnaire about your experience as a Critical Care Flight Paramedic.
- Set up the aircraft medical supplies as you would usually.
- Participate in a familiarization session with the equipment used for data collection.
- Provide care to 2-3 simulated patients for 4 different 30 min test configurations.
- Provide feedback via questionnaire.

Time:

- Participation will take up to 2 business days, plus travel if applicable.
